

Attach card here to form
Holder for dowel or
bamboo cane.
Glue on 2 long sides
and top short side.

Cut a rectangle in stiff card
6 x9 cms. Glue on 3 sides
Attach to bat to form holder
For bamboo cane or dowel

1. Print template to desired size- A4 or A3
2. Cut out bat along dotted line in cardboard- from any suitable sized packaging.
3. Paint both sides in black acrylic paint- acrylic will make your bat waterproof.
4. Use grey acrylic to add detail to the front of your bat eg. eyes and wing bones- optional
5. Cut a rectangle of stiff card approx 6 x 9 cms to create a holder for bamboo cane or dowel
6. Glue rectangle to the back of your bat along 3 sides as indicated on template.
7. Hold bamboo or dowel in place while the card dries to create a good tight fit.
8. Fly your bat with pride- they are precious and endangered.
